Friday, WOOL MARKET MOVEMENTS	13 March 2		WEEK			NES				
	Pagional									
• Weaker demand in all centres saw the EMI lose 41 cents to 1,521	Regional	N a stala	Wkly	0	Wkly	Mast	Wkly			
c/kg clean and high pass-in rates (25.5%). Despite the overall weaker market, the limited supply of well measured better style	Indicator	North	Chg	South	Chg	West	Chg			
lots with low VM were keenly sought and maintained their value.	c/kg clean	1557	-48	1498	-38	1616	-46			
		MICRON PRICE GUIDES								
 Price falls (40 to 72 cents) occurred across all MPGs in Sydney on Wednesday as the predominantly good style offering failed to 	16.5	2093	-65	2046n	-75	-	-			
spark buyer interest. Lots with favourable additional	17	1987	-85	1994	-64	-	-			
measurements were less affected. The fleece market steadied on	17.5	1910	-83	1948	-68	-	-			
Thursday, with finer (<18.0 μ m) MPGs sliding up to 20 cents.	18	1850	-82	1888	-55	1792n	-69			
Broader lots maintained their value. Merino skirtings eased up to	18.5	1794	-64	1800	-49	1744n	-46			
60 cents on day 1 and were unchanged on day 2. The crossbred	19	1768	-58	1780	-19	1740	-34			
market was unchanged on day 1 before 26 μ m lots lost up to 30	19.5	1763	-52	1771	-26	1737	-35			
cents on day 2. Locks, crutchings and stains eased by 20 to 30 cents on Wednesday before locks lost a further 10 to 15 cents on	20	1748	-55	1753	-29	1726	-43			
Thursday. The Northern Regional Indicator fell 48 cents to 1,557	21	1743n	-40	1736	-30	1705n	-53			
c/kg clean and the Northern Merino Carding Indicator lost 36	22	-	-	1754n	-	-	-			
cents to 1,054 c/kg clean. The Sydney pass-in rate was 20.4%.	23	_	-	-	_	_	-			
• The Melbourne market tracked downward on day 1, falling up to	24	_	-	_	_	_	-			
80 cents across all MPGs, with finer types most affected.	25	_	_	_	_	_	_			
However, prices began to recover as the sale progressed. Day 1	26	1123n	-22	1138n	-15	_	-			
opened weaker as growers resisted the market level and passed	28	875n	-9	880	-1	_	_			
lots in. The market strengthened as the day progressed as buyers	30	-	-	679n	+3	_	-			
sought out best style lots with favourable additional	32	-	-	411n	+3	-	-			
measurements. High VM (>4%) skirtings >18.0 μm lost 70 cents on Wednesday before easing further on Thursday. Well prepared	MC	1054n	-36	1081n	-27	1084n	-40			
crossbred lots maintained their value on day 1 while poorly										
prepared lots were out of favour and passed in, before the sector	Currently: 1521 c/kg clean									
consolidated on day 2. The oddment sector lost ground on day 1,										
with mixed results on day 2. The Southern Regional Indicator										
dropped 38 cents to 1,498 c/kg clean and the Southern Merino										
Carding Indicator lost 27 cents. The Melbourne pass-in rate was 25.2%.										
		A					1700			
• Losses also occurred in the West on Wednesday, with finer lots							1500			
most affected easing up to 53 cents and pass-in rates nearly 40%.										
The market opened stronger on Thursday, but buyer demand fell away as the day progressed and pass-in rates climbed towards										
30%. The Merino skirtings market eased on Wednesday, before						MI 19/20	1100			
finer (<18.0 μ m) lots with <3% VM attracted buyer demand and							900			
rose up to 25 cents on Thursday. Broader skirtings, 19 μm lost 20	Jul Aug Sep	Nov Nov	Dec	Jan Feb	Mar Apr	May Jun				
to 25 cents while > 19.5 μ m lots were unchanged. The oddment	4 %									
sector trended downwards on both sale days. The Western										
Regional Indicator closed at 1,616 c/kg clean, down 46 cents and the Western Merino Carding Indicator fell 40 cents to 1,084 c/kg	Northern	17/03/2020				31/03/2020 \$40				
clean. The Fremantle pass-in rate was 29.9%.	Northern	S38		S39		S40
