WOOL MARKET MOVEMENTS					AWEX WEEKLY WOOL PRICES						
<ul style="list-style-type: none"> The Australian wool market suffered further losses this week as price falls occurred across all sectors. This week's larger offering of 33,176 bales, up 2,904 on last week, was not able to be absorbed by the trade. Producers were not prepared to sell at this market level and 25.7% of the offering was passed in, an increase of 17.5% on last week. The EMI lost 59 cents to 945 c/kg clean, the lowest level for nearly eight years. Sales will continue in Sydney and Melbourne next week with 22,346 bales currently rostered for sale. Price falls across all MPGs occurred on both Sydney sale days this week. The finer MPGs (16.5 - 19.0 µm) lost between 30 and 67 cents with the 19.5 - 21.0 µm MPGs dropping 68 - 75 cents. Fine Merino skirtings (<17.0 µm) tended to maintain last week's levels. Broader skirtings lost 40 - 80 cents for the week. The crossbred sector also trended downward as finer (<29.5 µm) lots lost up to 40 cents on Tuesday and up to another 100 cents on Wednesday. The oddment market had mixed results. The Northern Regional Indicator closed at 991 c/kg clean down 55 cents and the Northern Merino Carding Indicator lost 30 cents to 621 c/kg clean. The Sydney pass in rate was 21.0% with 326 bales withdrawn. The Melbourne market mirrored Sydney with negative price movements across all MPGs on both days. Stylish, well measured Merino fleece lots were less affected, while those with lower yield and less favourable additional measurements were discounted or passed in. Merino skirtings trended cheaper this week, with high VM (>4 - 5%) most affected. The crossbred market lost ground with finer (<28 µm) lots down 55 - 57 cents and broader lots down 26 -29 cents. The oddment sector was weaker compared with last sale. The Southern Regional Indicator fell by 62 cents to 915 c/kg clean and the Southern Merino Carding Indicator lost 33 cents to 618 c/kg clean. The Melbourne pass in rate was 20.5% with 1,082 bales withdrawn. Wednesday's single day sale in Fremantle produced price falls of between 69 - 89 cents across all Merino fleece MPGs. These price falls resulted in nearly 50% of fleece lots passed in. The Merino skirting sector also lost ground, dropping up to 100 cents. The oddment sector weakened, with all categories up to 20 cents cheaper. The Western Regional Indicator lost 67 cents to 989 c/kg clean while the Western Merino Carding Indicator lost 14 cents to 655 c/kg clean. The Fremantle pass in rate was 44.3% with 850 bales withdrawn. 					Regional Indicator	North	Wkly Chg	South	Wkly Chg	West	Wkly Chg
